Green Flag Community Award 2016/2017

The Hayscastle Community Woodland has been successful in achieving the above award from Keep Wales Tidy. This UK-wide award recognises high quality green spaces which are managed by voluntary and community groups. Judging is carried out on the following criteria – a welcoming place, healthy, safe and secure, well-maintained and clean, environmental sustainability, biodiversity and heritage, community involvement and achievement.

The Woodland was begun in 2007 thanks to an idea from Hayscastle Community Council who, after obtaining the lease and funding, invited the Environmental Society to oversee the creation and management of the site. Although we have much to thank these two organisations for, the award could not have been achieved without considerable sustained input from many individuals, organisations and businesses within the Hayscastle community, so everybody should feel justly proud.

The completion of the Community Centre in 2012 has complimented the Woodland which has seen increased usage as a result and with the publicity of such a prestigious award this may well continue. Well done Hayscastle.

There will be a Green Flag raising ceremony on **Sunday 21st August at 3.00pm** in the Community Woodland with refreshments. Everybody is invited.

Radio Pembrokeshire Business Awards 2016

Many congratulations to Castle Hot Tubs who are the proud recipients of the Radio Pembrokeshire E-Commerce in Business Award. This is an award that was voted for by the public and a secret panel of judges, which makes Castle Hot Tubs' achievement even more special.

This is the third award that Castle Hot Tubs have won this year; the first 2 were national awards for the best hot tub and best swim spa in a commercial setting, and Gold was won in both categories! The team stated on their blog that "at Castle Hot Tubs our aim is to supply top class products at an affordable price and follow this up with the best of aftercare to our valued customers. To be recognised with such a prestigious award is amazing and lets us know that we are on track and going in the right direction." Well done Sally, Dieter and their dedicated team on this tremendous achievement.
