

Following the Christmas events held in the community a cheque of £150 was presented to the DPJ Foundation.

The DPJ Foundation was set up in July 2016 in memory of Daniel Picton-Jones and aims to raise awareness of mental health issues. The Foundation is focused on supporting those who work in the agricultural industry, in particular men in the rural communities of Pembrokeshire.

Daniel Picton-Jones' wife Emma attended the January meeting of the Community Form, and spoke movingly and eloquently of her husband's personal struggles with mental health, and how the money raised by the community of Hayscastle will be put to use. The Foundation has organised a series of mental health awareness training workshops for those who work within agriculture to help them to recognise and support people with mental health issues. Future plans include establishing a counselling service and establishing a ground-up building project.

If you wish to find out more about the DPJ Foundation, take part in fundraising events or make a donation, please look at the DPJ Foundation pages on Facebook, Instagram and Twitter or visit

Community says "thank you" to Mr and Mrs Baster

David and Pam Baster were taken by surprise in the Children's Christmas Workshop in December when Father Christmas presented them with a beautiful wooden bench as a gift of thanks from the community. The bench was given in recognition of Mr and Mrs Baster's tireless work, dedication and enthusiasm in creating and maintaining the Community Woodland and the Community Centre. Mr and Mrs Baster thanked the community for the bench as well as thanking those without whom they would not have been able to achieve so much in our environment. The bench will be permanently situated in the Community Woodland for all to enjoy.
